

Citizen Forum

May 31, 2014 – 9:00 AM

Council Chambers

There are two ways residents can register to speak:

- **General Citizen Communication:** There are 20 slots available under General Citizen Communication and require registration in advance of the meeting. Sign up begins May 9 either by contacting the City Clerk's office at (512) 974-2210, in-person at City Hall or by email at citizens.communication@austintexas.gov. Pre-registration closes May 23. These registrations will be posted on the agenda and citizens will be asked to provide a topic in advance to allow Council to engage in a full discussion of the topic. The same rules regarding registration during regular council meetings apply.
- **Open Citizens' Communication:** Participants may register using the City's Speaker Sign-up kiosks located in the lobby of City Hall. Participants may register in person beginning at Noon on Wednesday, May 28 through the day of the forum. The number of speakers is limited by the noon meeting deadline. Council will only be able to listen to these topics and not engage in a dialogue with the citizens.

For both General Citizen Communications and Open Citizens' Communications, speakers have three minutes, and no time can be donated to be used by someone else.

Registration ends May 23.
